Biographical Note

Phi Delta Kappa or the “Professional Education Fraternity” is an international professional fraternity for men and women in education. It consists of classroom teachers, administrators, college and university professors, and specialists of many types. The program is designed to stimulate the professional growth of its members and to meet the current problems and needs of public education through research, leadership, and service.

Chapter 115 or Delta Tau was the Phi Delta Kappa chapter at Northern State University- then Northern State College at its start in 1958 but was not official acknowledged until 1959. Members of Chapter 115 were not only from the local region, but all over the country. They met at least six times during the regular school year on campus for dinner, a program, and occasionally they met off campus for a field trip. During the summer sessions, PDK sponsored luncheons with speakers to implement its goals of research, leadership, and service. They are no longer on campus.

Scope and Content

This collection documents the activities of PDK, dominantly from the local Ch. 115 or Delta Tau. The collection comprises of the administrative material such as minutes, correspondence, annual reports, and membership; biographical documents such as constitution and by-laws, handbooks, member initiation documents, PDK history documents; and other printed material. Other formats found within the collection include two VHS tapes, a cassette, and slides for a presentation. It is organized into five series: *Biographical*, *National*, *Local*, *Misc.*, and *Media*. Each series is organized chronologically and then alphabetically accordingly within its dates.
